Cannabis Dispensary Management Software

CanaSoft is designed specifically for the Digital Check SB500 single-check-at-a-time scanner. The software features an Office 2007 look, comprehensive on-line and off-line help systems, and free updates.

Digital Check TS-240
Scanner / Endorser

CanaSoft is the least expensive solution to archiving payment images, documenting identification and producing activity reports and audit trails.

Digital Check SB Family of Scanners
Scans / Endorses /
Manages Small Documents

CanaSoft allows capture of a webcam image so that check cashing / processing facilities can save an image of the client as well as the payment image.

For **Dispensaries**, the system allows capture of a check or credit card receipt, driver's license, medical card and webcam picture.

Visit www.witsends.com for details

CanaSoft lets you

- *capture documentation to prove authenticity,*
- *keep these images on file, and*
- *encrypt the customer's name.*

Free demonstration CD available through our website or by phone.
